MEMORANDUM

The Pharmaceutical Management Branch has created an NCI Investigational Agent Accountability Record for Oral Agents (Oral DARF). Use of the Oral DARF became mandatory effective March 1, 2014.

Effective immediately, all new shipments of oral agents on SWOG and CTSU studies must be recorded on this Oral DARF which is available on the NCI home page (<http://ctep.cancer.gov>). Any current inventory of oral agents must also be transferred to the new form. An audit deficiency for failure to implement the new Oral DARF will not be given prior to the date of this notification.

For comments or questions, please contact Elaine Armstrong at the SWOG Operations Office at 210/614-8808 or qa@swog.org.
