SWOG CANCER RESEARCH NETWORK

MEMORANDUM

Broadcast Date: November 01, 2026

TO: Members of SWOG

FROM: SWOG Network Operations Center (protocols@swog.org)

SUBJECT: Policy Revisions

The following SWOG policies have been revised as summarized below. These and all policies can be viewed from the Group's web site at https://www.swog.org/about/policies-procedures.

Policy Revision Summation

Policy 02 Constitution / Bylaws

The policy was revised to add the Statistical Principal Investigator of the NCORP grant to the Board of Governors (if they are not either the Group Statistician or the Deputy Group Statistician).

Policy 27 – Transplant and Cell Therapies Committee Guidelines for Institution Approval

The policy was updated to expand approval requirements from traditional transplant programs to include CAR-T and other cellular therapy programs. The policy allows alternative credentials, including manufacturer authorizations for CAR-T-only programs, in addition to FACT accreditation and it provides flexibility for non-U.S. institutions by allowing alternative credentialing bodies in cases where FACT may not be appropriate or available.

Policy 47 – Intellectual Property Policy

The policy was rewritten and replaces the current Intellectual Property Policy.
