

IT'S HERE! - ELECTRONIC DATA SUBMISSION VIA THE INTERNET!

After much hard work, we're happy to announce that the new online CRA Workbench is now available for group-wide use! Simply log on to <http://www.swog.org> and click the "CRA Workbench" link to begin. The following features are currently available, and we plan on having much more to come (there is information available on the site about features we will be adding in the near future).

Forms Submission

Currently we have a few standard Southwest Oncology Group forms available for online submission: the standard Follow-Up form, the Notice of Second Malignancy form, and the Notice of Death form. Submit them online and print out a copy for your file. Edit checks are provided to help ensure that no erroneous information is sent to us. No mail necessary! Many other forms will be introduced for online submission as we continue this large project, and the home page will be updated with our ongoing plans.

Reports

Check out the most recent Expectation Report or (where applicable, depending on permissions) your most recent IPR report online! This is currently a static report that will be updated in the same manner as our usual mailing.

Other features

Direct links will be available via the workbench to many other things, such as Web Registration, Protocols, Membership Roster, and, of course, more to come. Log on and give it a spin at <http://www.swog.org>.
