

## Regulatory Support System (RSS) Reminder

1. RSS Site Registration Status: CTSU members can check the status of this by visiting the 'Resources' tab on members' side of the CTSU web site at <http://members.ctsu.org>. CTSU members can type in their NCI institution number and select criteria for a search. Please allow 72 hours for paperwork to be processed after you have faxed it in to the CTSU Regulatory Office at 215-569-0206.

2. RSS Site IRB Expiration Status: CTSU members can check the status of this by visiting the 'Resources' tab on members' side of the CTSU web site at <http://members.ctsu.org>. CTSU members can type in their NCI institution number and select criteria for a search.

A Help link is included on each page to trouble shoot common problems when searching for protocol status information. If you have any additional questions, please call the CTSU Help Desk at 1-888-823-5923 or email the CTSU Help Desk at [CTSUContact@westat.com](mailto:CTSUContact@westat.com).

## IRB Approved Studies Lookup (swog.org) Reminder

"IRB Approved Studies Lookup" screen is also available on the Member side of the Southwest Oncology Group web site at <http://swog.org> (after logging on, click the Membership link and then the Assurances and IRB link). To query the Group database for your current IRB status of studies submitted by your institution, type in either your Southwest Oncology Group assigned roster institution number or the NCI institution number in the appropriate box and click the Submit button.
