

PLEASE NOTE
IMPORTANT CHANGE IN DISTRIBUTION
OF BI-MONTHLY MAILOUTS

In a continuing effort to reduce costs associated with the distribution of printed materials, beginning on February 1, 2006, institutions will no longer receive a hard copy notification of Group protocols and protocol changes on the 1st and 15th of each month from the Operations Office. All Principal Investigators, Head CRAs and any designated Mailing CRAs will receive a broadcast email on the 1st and 15th as notification that the mailout has been posted on the Group website: <http://swog.org>.

In the event you have problems downloading any mailout items and should need an item sent to you, the Protocol Request Form will continue to be available on the Members logon side - Clinical Trials link.
